

## RENEWAL PROPOSALS

- | LEGEND                       |   |                    |   |
|------------------------------|---|--------------------|---|
| ENERGY SYSTEMS AND ANCHORING |   | DESIGN DEVELOPMENT |   |
| e1.1                         | Air Sealing Air Conditioning Units                            | d1                 | Engagement / Communication Strategy Support   |
| e1.2                         | Kitchen and Laundry Appliances Replacement                    | d2                 | Design of renovations and communication strategy for resource and information centre    |
| e1.3                         | Insulation / Insulating Reduction                             | d3                 | Design work of basement 2 floors (chase and 1st floor)                                  |
| e1.4                         | Air Sealing Building Core                                     | d4                 | Real Estate / Financing Feasibility Study (phase I & II)                                |
| e1.5                         | Water Loop Upgrade  | d5                 | Neighbourhood Urban Design / Analysis   |
| e1.6                         | Thermal Control in Suites                                     | d6                 | Traffic Study / Additional Planning Studies   |
| e1.7                         | Hot Water Core Upgrade - Lower Two Floors                     | d7                 | Neighbourhood Engagement / Activities   |
| e1.8                         | District Energy System Connection                             | d8                 | Architectural Design of phase 1 renovation (old neighbourhood (recycling and organics)) |
| e1.9                         | Building Automation System                                    | d9                 | Design of building design of basement 2 floors (chase and 1st floor)                    |
| e1.10                        | Solar Thermal Air Preheating (incl. enclosure upgrade behind) | d10                | Architectural design of solar thermal air preheating on 5 mural walls                   |
| e1.11                        | Building Enclosure Upgrade - Second Floor Up                  | d11                | Design of building design of basement 2 floors (chase and 1st floor)                    |
|                              |   | d12                | Design consultation on community (community gardens and rain water harvesting system)   |
|                              |   | d13                | Design / coordination of public art (public art (public art (public art))               |
|                              |   | d14                | Design / coordination of public art (public art (public art))                           |
|                              |   | d15                | Design / coordination of public art (public art (public art))                           |
|                              |   | d16                | Design / coordination of public art (public art (public art))                           |
|                              |   | d17                | Design / coordination of public art (public art (public art))                           |
|                              |   | d18                | Design / coordination of public art (public art (public art))                           |
|                              |   | d19                | Design / coordination of public art (public art (public art))                           |
|                              |   | d20                | Design / coordination of public art (public art (public art))                           |
|                              |   | d21                | Design / coordination of public art (public art (public art))                           |
|                              |   | d22                | Design / coordination of public art (public art (public art))                           |
|                              |   | d23                | Design / coordination of public art (public art (public art))                           |
|                              |   | d24                | Design / coordination of public art (public art (public art))                           |
|                              |   | d25                | Design / coordination of public art (public art (public art))                           |
|                              |   | d26                | Design / coordination of public art (public art (public art))                           |
|                              |   | d27                | Design / coordination of public art (public art (public art))                           |
|                              |   | d28                | Design / coordination of public art (public art (public art))                           |
|                              |   | d29                | Design / coordination of public art (public art (public art))                           |
|                              |   | d30                | Design / coordination of public art (public art (public art))                           |
|                              |   | d31                | Design / coordination of public art (public art (public art))                           |
|                              |   | d32                | Design / coordination of public art (public art (public art))                           |
|                              |   | d33                | Design / coordination of public art (public art (public art))                           |
|                              |   | d34                | Design / coordination of public art (public art (public art))                           |
|                              |   | d35                | Design / coordination of public art (public art (public art))                           |
|                              |   | d36                | Design / coordination of public art (public art (public art))                           |
|                              |   | d37                | Design / coordination of public art (public art (public art))                           |
|                              |   | d38                | Design / coordination of public art (public art (public art))                           |
|                              |   | d39                | Design / coordination of public art (public art (public art))                           |
|                              |   | d40                | Design / coordination of public art (public art (public art))                           |
|                              |   | d41                | Design / coordination of public art (public art (public art))                           |
|                              |   | d42                | Design / coordination of public art (public art (public art))                           |
